Welcome to the 2019-2020 School Year and Sports Seasons

HSSS is a website that was inspired by the work that Phil Abel did in seeding the Section V Boys' [Basketball](#) Tournament from 1992-2018.

The vision is to start with seeding reports. Starting with your seeding [points](#) system, Programmer Joe Frenia has customized the site to [accept](#) a game score by a coach, and the logic and mathematics does the rest. There will be updates to the seeding report, team schedules, and playoff brackets.

A coach simply registers and is approved by the section Administrator. The Coach enters the team roster, schedule, and a photo. The rosters and schedules can be managed for additions and date/time changes through a season. At the end of a game, on game nights, the coach or designee, logs on to the system, and enters a score and any game statistics. It's simple, the fans, parents, players, and media will love it, and at the end of the season, the leagues will have the tournament brackets ready for finalization leading to the playoffs.

HSSS is currently accepting sectional members from New York State. We are also encouraging any league looking for a simple season's management tool to contact us for further information.

1. Click on "Register" at the top of the front page.
2. Enter your email address, and then your password twice

Register.

It's simple, the fans, parents, players, and media will love it, and at the end of the season, the leagues will have the tournament brackets ready for finalization leading to the playoffs.

HSSS is currently accepting sectional members from New York State. We are also encouraging any league looking for a simple season's management tool to contact us for further information.

4. You will identify who you area, and then your sectional chairman will approve you.

Once you're approved, you can follow your Coach Tools Console and enter your schedules and rosters. If an opponent of yours has entered their schedule already, you will see those games, already and will not have to enter them again. Follow the prompts and it should be easy. Your boys' coach and boys' soccer coaches will be good resources for you.

Thank you, and welcome to the High School Sport Stats experience.
