### Accessing the New Coaches Console and Work Area

1. New Coach Tools Option for 2022-2023. This is a place all your management needs on one screen without any re-direct to other pages to do your work. HSSS hopes this makes your work more interesting and effective. Click here to access the new Console.

### Creating Your "Look" on HSSS

1. Uploading Your Team / School Mascot. Be sure to have the graphic or image on your computer. Click on the cloud icon. An input box will open, and will allow you to Choose File from your computer and Upload it to your page. You will see the change instantly. Recommend a "resize" to 400 pixels wide or less.

The screenshot shows the Coach Tools interface for the Greece-Arcadia Titans team. The team page includes a mascot image, team name, address, and coaching staff. A modal window titled "Upload Emblem Image" is open, allowing the user to upload a new team emblem. The modal contains a "Choose File" button, a text field with "No file chosen", and a file type filter for "Image files only (\*.gif, \*.jpg, \*.jpeg, \*.png)". There are "Cancel" and "Upload" buttons at the bottom right of the modal.

\*\*\* You may have to click the "Reload" button on your browser if the image does not appear right away.

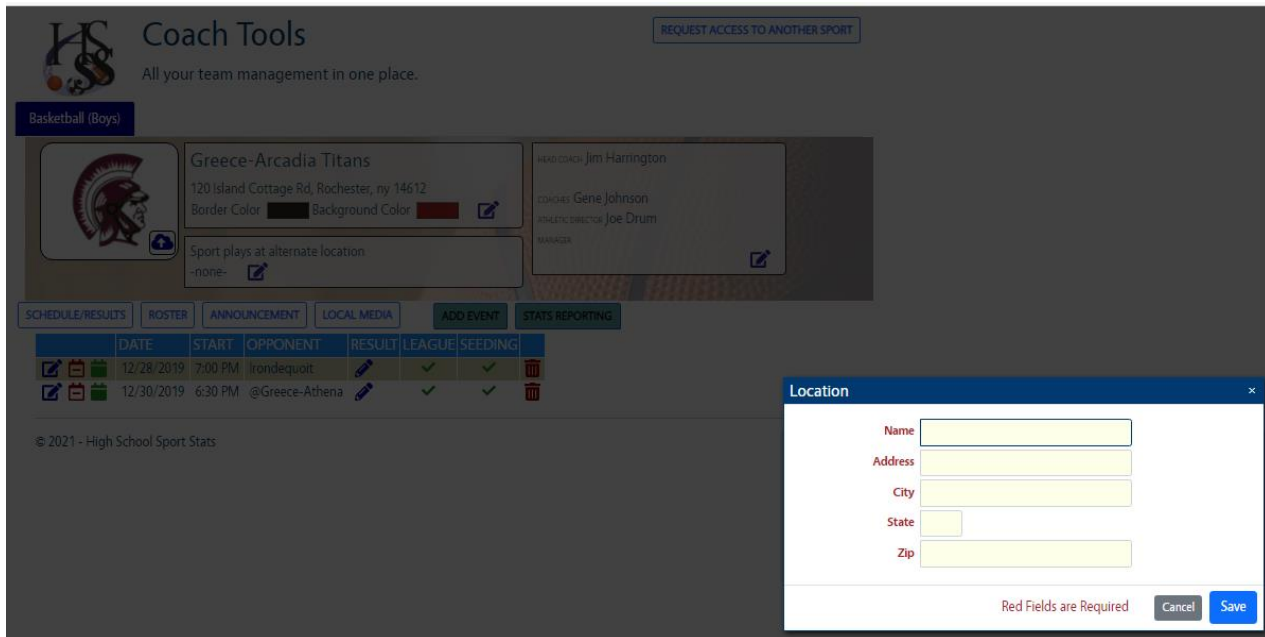

2. Game Address / Location:

The screenshot shows the Coach Tools interface for the Greece-Arcadia Titans team. The team page includes a mascot image, team name, address, and coaching staff. A modal window titled "Sport Alternate Location" is open, allowing the user to enter an alternate location for games. The modal contains a "Location" dropdown menu, an "Add Missing Location" button, and a text field with the placeholder "Begin typing to see available locations". There are "Cancel" and "Save" buttons at the bottom right of the modal.

If your home team field, fieldhouse, or school address is different from the high school address, you can enter it here. This will be added to the Google Maps feature on your schedule to help get fans to your games.

## IMPORTANT:

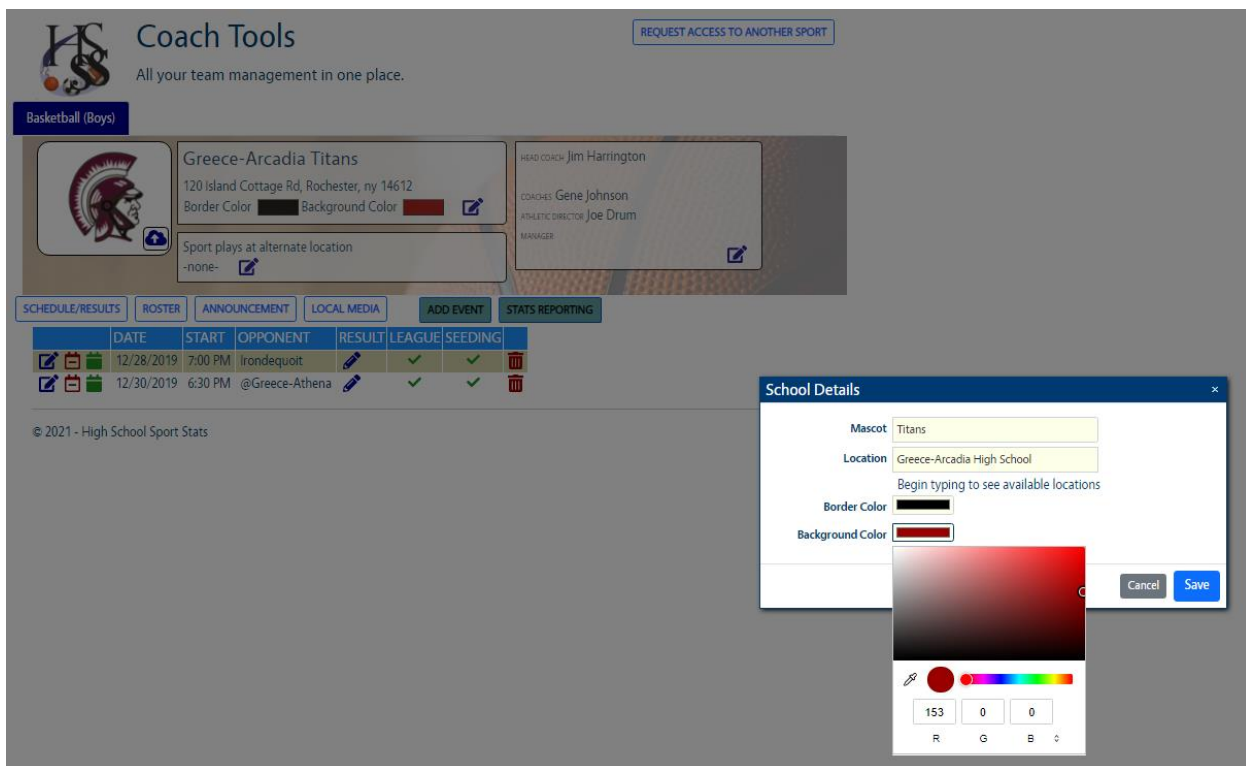

Start by typing the address of your game location. If it is in our database already, it will be revealed. If it is not, complete the input box for the game site locations.

The screenshot shows the Coach Tools interface for Basketball (Boys) for the Greece-Arcadia Titans. A "Location" dialog box is open, prompting for Name, Address, City, State, and Zip. The background shows the team's profile with contact information for Jim Harrington, Gene Johnson, and Joe Drum, and a schedule table.

### 3. Set The Colors for Your Team Page.

The screenshot shows the Coach Tools interface for Basketball (Boys) for the Greece-Arcadia Titans. A "School Details" dialog box is open, showing the mascot "Titans" and location "Greece-Arcadia High School". The "Border Color" is set to black and the "Background Color" is set to red. A color picker is visible for the background color, showing a gradient from red to black with RGB values of 153, 0, 0.

Choose the colors for your Borders and your Backgrounds. You can slide the slider, or you can move the point on the color to get the colors you want. You can make changes later on.

4. Setting the Names and Email Address of your Coach or Your Team Contact and Naming Assistants and the Athletic Director (Sometimes Nice for Game Programs).

\*\*\* Having a coach email here is more efficient when leadership needs to get an email out to a singular coach quickly. It's a great reference for that.

This is the finished header that the public will see. Note the biggest change for now is the fact that your name (and email if you share it), are available. Parents and the community might use it, but so might college recruiters.

This could also be a quick way that you will be able to communicate with coaching colleagues.
