

HUDL import for basketball is now live. Once we have files for other sports we can add those also.

Here are instructions:

Within HUDL:

1. Navigate to the game for the stats you want to import
2. From the Box Score, click Export For MaxPreps

Box Score Report [Rate This Breakdown](#) [Share](#) [Print](#) [Export for MaxPreps](#)

BGHS @ General Brown - Mar 5, 2022 - L 26-47

Period Stats Run Graph

3. Save the export to your local hard-drive
4. Connect to your Coach Console - <https://highschoolsportstats.com/CoachConsole>
5. Click Home or Away Stats for the game you want to import
6. Click Browse... and browse to the file you saved on your hard-drive

12-02-2021 - at APW ×

Bishop Grimes Stats Browse... No file selected. Import from Hudl

##	PLAYER NAME	DNP	2PM	2PA	3PM	3PA	FTM	FTA	REB	AST	BLK	STL
2	Baxter, Kierra	<input type="checkbox"/>	2	0	0	0	1	1	0	0	0	0

7. Click Import from Hudl
8. Data will load into the stats area; if any players are not found a message will show:

localhost:64566

The data was imported. The file contained the following jersey numbers that were not found

98
99

OK

9. Review the values imported on the screen and click Save
